

Architectural section drawing of the 'House of the Future'. The drawing shows a cross-section of a multi-story building. The structure is defined by a red frame. A prominent yellow horizontal beam runs across the upper portion of the section. The building is shown resting on a hatched foundation. On the left side, there are vertical dimension lines with labels: '15.42 m', '7.86 m', '4.00 m', and '8.00 m'. The drawing is a technical architectural representation.

This architectural elevation drawing shows a long, low building with a sloped roof. The central portion of the building features a red facade and large, multi-paned windows. A yellow line is drawn across the top of the building, indicating a horizontal section cut. To the right of the main building, there is a smaller structure with a gabled roof and a tree.

Architectural section drawing of the building, showing the internal structure, including the curved ramp, stairs, and various rooms. The drawing is in black and white with red highlights.

This architectural floor plan shows a building layout with a red highlighted staircase area on the left. The plan includes various rooms, corridors, and a central staircase. The red area is a U-shaped structure with a staircase inside. The building has a complex internal layout with multiple rooms and corridors. The red area is a prominent feature, likely indicating a specific area of interest or a new addition to the building.

A red-lined architectural drawing of a building facade. The drawing features a central rectangular area with a grid pattern, likely representing a window or a decorative panel. Above this central area, there are several vertical lines and a horizontal line, possibly indicating a roofline or structural elements. To the left and right of the central area, there are various rectangular sections, some of which are filled with horizontal lines. The entire drawing is rendered in red lines on a white background.
